

GLACIER STONE

THE BEST OF THE ROCKIES

Glacier Stone Supply is the country's premier natural stone company providing clients with "The Best of The Rockies." Located in the picturesque Northwest corner of Montana, right in the heart of the Northern Rockies and adjacent to Glacier National Park, we are surrounded by an incredible living showcase featuring the grandeur of the Rocky Mountains. The rich glacial history of the region gives the stone a depth of color and texture incomparable to other architectural stones around the world. We are proud to deliver the timeless beauty, ruggedness and enduring nature of the Rocky Mountains to your doorstep. Glacier Stone Supply is the source for all your building projects, providing our Natural Stone in our signature Natural Lite™ Thin Veneer, Full Stone Veneer, Architectural Stone and a myriad of Landscape products.

As the largest supplier of natural stone thin veneer in the Pacific Northwest, we are currently operating 19 quarries to provide you with the exact look your project requires. Our customers range from multi-million dollar commercial and residential developments to simple fireplace and outdoor kitchen projects. Our vast distribution network covers the entire United States and Canada, as well as Europe, and the number of locations continues to grow every month. This growth can be directly attributed to Glacier Stone Supply's sincere desire to provide the highest level of customer service and to deliver above and beyond our customers' expectations. Please contact your local distributor or call us today and let us provide you the perfect natural stone solution.

NATURAL LITE™ THIN VENEER

Natural stone provides a visual class and permanence that no other interior or exterior product can provide. It has unique qualities that only Mother Nature can produce.

CORNERS

Length: 2" to 10"
Height: 2" to 8"
Thickness: .5" to 1.5"

LEDGESTONE

Length: 6" to 16"+
Height: 2" to 8"
Thickness: .5" to 1.5"

Natural Lite™ Thin Veneer (NLTV) is a lightweight alternative to full stone and a higher quality alternative to manufactured stone. Our natural stone, both full stone and thin veneer, is available in the following shapes: Ledge, Random/Mosaic, Squares and Rectangles, custom cuts, as well as our new zero joint contemporary line of stone.

This brochure only begins to display some of your natural stone options. Additional stone shape/size options are available as well as custom blends and colors to provide you exactly what your project demands.

BIGHORN CREEK™

Bighorn Creek has a wide range of rich multi-colored hues of rust, bronze and copper created from the stone's iron content. Its core is a blue gray.

BITTERROOT™

The Bitterroot family of stone features vibrant hues of burgundy, rust, gold and bronze set against a neutral background of grays and browns.

CANYON CREEK™

The Canyon Creek family is one of our most popular stones featuring rich colors ranging from chocolate brown, tans, and blue/gray tones — true to the Northern Rockies.

LOON LAKE™

Loon Lake is unique to Glacier Stone and comes in a wide array of colors including blues, greens, bronze, browns, tans and slate grays with subtle sedimentary striations.

GLACIER MOUNTAIN™

This family of stone has a cream base with hues of gold, black and light grays running throughout. This stone features a unique dendrite fern pattern.

STILLWATER BLEND™

Stillwater blend is our split face stone featuring an elegant color palette of mostly varying shades of greys blending well with any style of architecture from contemporary to rustic.

ROCKY MOUNTAIN GOLD™

This is an exceptional building stone offering the beautiful warm color blend variety of browns, gold tones, bronze, tans and grays.

TUMBLED ROCKY MOUNTAIN GOLD™

Same warm color blend as Rocky Mountain Gold™, but with an organic and distressed edge.

TIMBER RIDGE™

Timber Ridge offers a unique blend of cooler undertones of blues and grays combined with rich chocolate browns and tans. A gorgeous option that will provide an earthy feel with a modern flare to any home.

FALLS CREEK™

Falls Creek is another exclusive stone offering a lighter toned product ranging from light to gold with occasional buff hues accenting the soft, warm textures.

FOX HOLLOW: CANYON CREEK™

Fox Hollow is the smooth cut heart of our stone exposing monochromatic hues from Canyon Creek quarries. Rich yet neutral, Fox Hollow makes for the perfect complement to traditional as well as contemporary design.

FOX HOLLOW: LOON LAKE™

Fox Hollow is the smooth cut heart of our stone exposing monochromatic hues from Loon Lake quarries. Rich yet neutral, Fox Hollow makes for the perfect complement to traditional as well as contemporary design.

THIN VENEER STONE SPECIFICATIONS

LEDGE

Roughly parallel tops and bottoms with natural or snapped edges.

Height: 2" to 7" x Length: 6" to 16"+

SQUARES & RECS

Roughly parallel tops and bottoms. Our largest specification of ledge. Be Creative! Blending 20% Squares & Recs, known as "jumpers," with 80% Ledge creates a dramatic and beautiful effect.

**Bighorn and Stillwater are not available in Square & Recs.*

Height: 7" to 11"+ x Length: 10" to 20"+

RANDOM

Mosaic / Rubble Pattern. Natural or snapped edges.

**Bighorn, Falls Creek and Stillwater are not available in Random pattern.*

Height: 3" to 8" x Length: 6" to 24"+

BIG FACE RANDOM

Mosaic / Rubble Pattern. Natural or snapped edges.

**Bighorn, Falls Creek and Stillwater are not available in Big Face Random pattern.*

Height: 8" to 16" + x Length: 10" to 24"+

- With the exception of Stillwater, all of our stones are available in full bed depth. We have a wide variety of matching landscape stones.
 - Each of our stones are available in tumbled, please contact your representative or Glacier Stone for availability.
 - Another wonderful quality of Glacier Stone is the ability to combine our stones with one another to create your own unique signature blend!
- The possibilities are endless with Glacier Stone and we look forward to working with you.
